Supervisor System Test Evaluation Form - UI and Design Test

Supervisor Name: _____ Test Date: _____

Position/Role: _____ Department: _____

System/Module Reviewed: _____

Purpose

This evaluation helps the supervisor verify whether the system qualifies with the company's design standards, employee standards, and long-term operational needs. The review should consider whether the system can support consistent use, improve work quality, and provide lasting value to the company.

Company Design Standards

Review whether the system looks professional, consistent, and aligned with the company's expected visual and process standards.

Rating: ☐ 1 Poor ☐ 2 Fair ☐ 3 Good ☐ 4 Very Good ☐ 5 Excellent

Items to verify:

- ☐ Interface design is clean, organized, and professional.
- ☐ Colors, labels, buttons, forms, and tables are consistent.
- ☐ Screens reflect a reliable and company-appropriate system.
- ☐ The design supports formal recruitment and HR operations.

Supervisor comments, findings, or required improvements:

Employee Standards

Review whether the system is suitable for employees who will use or be affected by the recruitment process.

Rating: ☐ 1 Poor ☐ 2 Fair ☐ 3 Good ☐ 4 Very Good ☐ 5 Excellent

Items to verify:

- ☐ Employees can understand the system without unnecessary confusion.
- ☐ The workflow supports accurate and efficient work.
- ☐ The system reduces manual effort or repeated encoding.
- ☐ The interface is appropriate for daily employee and HR use.

Supervisor comments, findings, or required improvements:

Supervisor System Test Evaluation Form - UI and Design Test

Supervisor Name: _____ Test Date: _____

System/Module Reviewed: _____

Evaluation Continuation

Use this page to assess whether the system will benefit the company in the long run and whether it should be recommended for continued improvement, user testing, or deployment.

Long-Term Company Benefit

Assess whether the system can provide sustainable value, improve recruitment operations, and support future company needs.

Rating: ☐ 1 Poor ☐ 2 Fair ☐ 3 Good ☐ 4 Very Good ☐ 5 Excellent

Items to verify:

- ☐ The system can improve recruitment speed, tracking, or reporting.
- ☐ The system can reduce manual work and process errors over time.
- ☐ The system can support company growth or future process changes.
- ☐ The expected long-term benefit justifies continued use or improvement.

Supervisor comments, findings, or required improvements:

Overall UI and Design Qualification

Decide whether the user interface and design are acceptable from a supervisory and company-benefit perspective.

Rating: ☐ 1 Poor ☐ 2 Fair ☐ 3 Good ☐ 4 Very Good ☐ 5 Excellent

Items to verify:

- ☐ The system is visually acceptable for company use.
- ☐ The system is practical for employees and supervisors.
- ☐ The design supports reliable decision-making and monitoring.
- ☐ The system is ready for user testing, rollout, or further revision.

Supervisor comments, findings, or required improvements:

Final Supervisor Recommendation

- ☐ Qualified and beneficial for long-term company use
- ☐ Qualified with minor improvements
- ☐ Needs major improvements before company use

Summary opinion and recommendation:
